

# Scheme of Delegation

V16

GREATER THAN THE SUM OF ITS PARTS

## Introduction

The Sigma Trust is a local partnership of academies in North East Essex which was formally established in September 2016.

To be "Greater Than the Sum of Its Parts" represents the mission statement for The Sigma Trust. We believe we are stronger and more successful working together than we would be as separate institutions. The mission for each academy within The Sigma Trust is to ensure that no child or school is left behind. Education should foster in its learners a curiosity to discover who they are and what they are capable of, together with developing the resilience for them to test the boundaries of their abilities, and build the skills necessary to face the future with confidence.

Our vision is to ensure that all of our academies are at least "Good" with strong and improving outcomes and are able to demonstrate outstanding provision. We will achieve this by:

- Being a local family of academies that fully embrace the vision and values of the Trust.
- Ensuring that all of our academies provide the highest standards of education, care, guidance and support.
- Collaborating so that best practice becomes shared practice.
- Celebrating the uniqueness and achievements of each academy.
- Creating centres of educational excellence and innovation to transform lives.
- Ensuring all staff thrive through access to high-quality professional learning and development.
- Aspiring to making working for us the same life-changing experience for staff, as we have for our children, young people and their families.
- Working in collaboration with other stakeholders to enhance the educational experience of children and families in the community.
- Securing financial security so that public money is well spent.

## What is an Academy Trust

The Sigma Trust is a charity and company limited by guarantee. The Board of Trustees are akin to 'directors' of a company and are both company directors and charity trustees as academies have the legal status of both.

They are accountable in law for all major decisions about our academies. However, this does not mean that the Board is required to carry out all the Trust's governance functions and many are delegated, including, for example, to the CEO, the Board's committees and the academies' Local Governance Committees. It is vital that the decision to delegate a function is made by the full Board of Trustees and is recorded. Without such delegation, the individual or committee has no power to act.

## The status of the scheme of delegation

Academy trusts are issued Articles of Association which stipulate the charitable purpose and the governance structure of the Trust, reflecting elements of charity and company law and departmental governance policy.

Academy trusts must comply with the requirements set out in their Articles of Association as a condition of their funding agreements with the Secretary of State.

The detail of delegation is not set out in the Articles of Association, therefore the explicit detail included in the Scheme of Delegation (SoD) is the key document that defines the lines of responsibility and accountability in the Trust. It reflects the Trust's ethos, promoting a positive climate and a culture of honesty, transparency, and accountability for the benefit of all and ensures all stakeholders are clear about which decisions the Trust Board retains, and the extent of executive powers.

The Scheme of Delegation should be read in conjunction with the Terms of Reference for Trustee Committees, including Members, Board and local committees.

The Sigma Trust has a number of policies setting out the detailed procedures for how our day to day functions are managed. Detailed roles, responsibilities and processes are established in these policies and should be referred to in addition to the Scheme of Delegation.

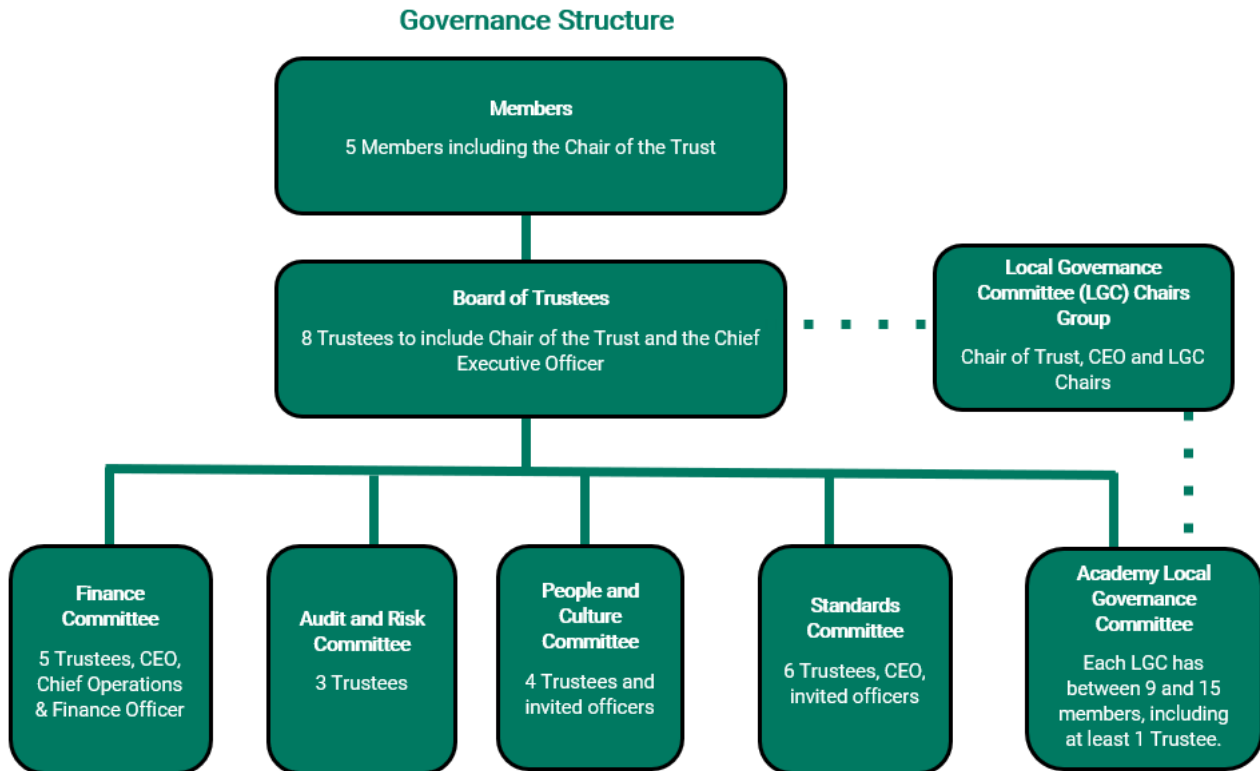

## Organisation and clarity

Our strategic and operating model is adaptable in relation to the scale, location and performance of the schools within the Trust. The functions the Board has delegated is based on these factors and the way in which leadership is structured. Our model includes:

- A structural diagram showing the layers of governance and accountability
- An explanation of the structure
- Detailed narrative on roles and responsibilities
- A grid format outlining the layers of governance enabling stakeholders to quickly determine who is responsible for the strategic decision making within the Trust.

## Delegation to Committees

### Governance Structure of The Sigma Trust

### Governance structure and lines of accountability

- The Board of Trustees is responsible for the three core governance functions: ensuring clarity of vision, ethos and strategic direction.
- The Board of Trustees is responsible for, and oversee, the management and administration of the Trust and the academies run by the Trust. The Board reports annually to the Members of the progress of the Trust at an Annual General Meeting.
- The Board of Trustees appoints the Chief Executive Officer (CEO), to whom it delegates responsibility for the delivery of its vision and strategy and will hold the CEO to account for the conduct and performance of the Trust, including the performance of the academies within the Trust and its financial management.
- Trustees delegate some governance functions to Board committees, these include a Finance Committee, an Audit & Risk Committee, a People and Culture Committee and a Standards Committee. They are responsible for ensuring the highest standards in terms of quality of education and pupil safeguarding, finance, personnel, premises' compliance, risk management and other services so that these all contribute fully to improving pupil progress across the Trust.

- The Sigma Trust has established Local Governance Committees (LGCs) for its academies which are directly accountable to the Trustees. LGC Committees may be appointed to serve one academy or jointly shared across more than one academy as deemed appropriate by the Board of Trustees.

### The role of Members

Members play a limited but crucial role in safeguarding academy trust governance. While they must ensure they do not stray into undertaking the Academy Trustees' role, they assure themselves that the governance of the Trust is effective, that Academy Trustees are acting in accordance with the Trust's charitable object(s) and that they, the Members, use their powers to step in if governance is failing. Members are not involved in the day-to-day business of the academy trust.

### The role of Trustees

The Trust Board is the decision-making body of the Academy Trust and is accountable and responsible for the academies equally in the Trust. The Academy Trust is the employer of all Sigma employees. Everyone in governance should be aware of and accept 'The 7 principles of public life', as set out by Lord Nolan.

### The role of the Chief Executive Officer (CEO)

The role of the CEO is to implement the strategic framework established by the Trust Board, which they will help develop in supporting the Trust Board with the necessary information. The CEO is responsible for the operational and day-to-day running of the academy trust, although the Trust Board may intervene in certain circumstances.

### The role of the Accounting Officer

The post of Accounting Officer is held by the CEO and is appointed by Trustees. The Accounting Officer role includes specific responsibilities for financial matters, including a personal responsibility to Parliament, and to the ESFA's accounting officer, for the Trust's financial resources.

### The role of the LGC

Duties of Local Governance Committees is determined by the Trustees and is predominantly to carry the Academy Trust vision forward and ensure the Trust's values are embedded within the school.

This SoD has been put in place by the Trustees and applies from the date of this SoD. The SoD should be read in conjunction with the Company's Articles of Association (the "Articles") and any terms used in the Articles. Throughout the document the term Headteacher will be used to refer to the roles of Headteacher, Executive Headteacher or equivalent roles.

The terms of this SoD may be reviewed by the Trustees at any time, but shall be reviewed at least annually. Trustees reserve the right to remove or alter any delegation at any time whilst having due regard to, but not being bound by, the views of the LGC.

<b>R</b>	<b>Responsible</b> – The person who actually carries out the process or task and is responsible for getting the job done.
<b>A</b>	<b>Accountable</b> – The person who makes the final decision and has ultimate ownership.
<b>C</b>	<b>Consulted</b> – People who are not directly involved in carrying out the task but are consulted.
<b>I</b>	<b>Informed</b> – Those who receive output from the process or task, or who need to stay informed.

Governance	KEY: R = Responsible, A = Accountable, C = Consulted, I = Informed					
	Members	Trustees	Board Committees	CEO/AO	LGC	Exec/ Headteacher
